Taxes levied for all purposes,			$11,956 11
Rate per cent, $1.85 per hundred.			

I have examined the accounts of the treasurer and found them correct, with vouchers for every dollar paid out, also examined the books and bills of the selectmen which I found correct.

It will be seen that Town Bonds amounting to $1.150.00 and Bond Coupons ($214.00 due Mar. 1, 1886,) amounting with interest of $1.17, to $959.17, have been paid, while at the annual meeting, March 1885, only $1,000 was appropriated to pay the same. Town of Bethlehem Bond No. 44, issued to Sarah A. Bunker, due Sept. 1st, 1891, for $100. and Town Bond No. 55, issued to Melvina Hughes, due Sept. 1st, 1897, for $50. have

been redeemed, and were destroyed in presence of Town officers, March 1st, 1886. The Selectmen also showed me that they had received for all cash collected by them for Highway Tax, $100.50 and showed me vouchers for the same amount, which they had paid out for labor on highways, which went into several districts.

BENJAMIN TUCKER, Auditor.

SELECTMEN'S REPORT, MARCH 1886.

Our County claims are much larger than last year, owing to transient calls for temporary relief, and we have taken affidavits in every case and sent them to the County Commissioners, which increases the County Pauper bill.

The assets are much less than last year, we find some of the assets are worthless, and put in this report only what we consider good. We have as we believe, paid every claim contracted by us or our predecessors, so that the Bonds are the only claims against the town at this date.

You will see by the Treasurer's report that all taxes for 1835 have been collected and paid into the treasury, and the abatements are very small indeed, only $37.50 out of about $7,900.00 collected. We believe it a true policy to vote a discount for the prompt payment of taxes by the first day of September.

At the annual meeting, March 1885, $1,000.00 was voted less than at the March meeting, 1884, also Pierce's bridge was repaired at an expense of $300.00 and a new bridge across the river near Wing Road Station has been built at an expense of $854.76. It will be seen that were it not for the three above articles the assets of the town would have been nearly $2,200 more We believe that every claim presented to us and paid have been valid claims.

Respectfully yours,

ELISHA SWETT,
JAMES ASH,
T. T. HILDRETH,
} Selectmen of Bethlehem.

SCHOOL REPORT.

To the Citizens of Bethlehem:

In accord with the provisions of the statutes of this state, I respectfully submit the following as a report of our schools.

Another year of school work has come and gone, and it becomes our duty to prepare a report of the same. We are glad to be able to say that the educational interests have been as good as we could reasonably expect. In most instances we think the teachers have labored earnestly and faithfully, and this coupled with the interest and application manifested by the scholars, has resulted in a good degree of improvement.

We are sorry to be obliged to say that for different reasons, a few of the schools have not enjoyed the degree of harmony that we could wish. And right here permit us to say, that we consider a right view of the treatment of teachers on the part of our people generally to be of great importance to the success of our schools. The entrance of almost any teacher upon the duties of a school is in some repects an experiment, and especially is this so in the case of a teacher who has had no experience in the work. We consider the position of a teacher in a public school, as one of the most trying which it is possible for any one to occupy, and we feel that persons who assume this important trust ought to have the sympathy, and the most considerate treatment from every individual who is interested in our schools. If we can merit the reputation of being kind and considerate in our treatment of teachers, this fact will aid us greatly in procuring and retaining the best talent for our school work.

We consider good order one of the absolutely necessary characteristics of a good school, and it is our opinion that the best methods of discipline should be left largely with the teachers, provided of course that it be thorough and reasonable; and scholars should be made to feel that it is their duty to obey.

In order that our schools may be most successful, we should aim to develope in the scholars the power of self-control, and to inspire them with habits of obedience. It is not the amount of knowledge which a pupil seems to come into possession of that determines his success as a scholar, but it is the thoroughness with which he has learned what he has attempted, especially as regards the fundamental principles of the branches of knowledge taught, which is the important thing. In short the aim of our schools should be to prepare the young in every particular to go out into society and take their places in it as law-abiding and useful members, furnished with the most necessary elements of knowledge, and so disciplined as to be able to make the best use of what they know, and we should strive to accomplish these results to the fullest extent possible.

The whole number of children in town between the ages of 5 and 15, reported by the selectmen 237. The whole number attending school two weeks or more, not including district No. 1, is 190. Further items may be found in the following statistical table.

W. C. BARTLETT,
Supt. School Committee.

STATISTICAL TABLE, DISTRICT NO. 1.

	TEACHERS.	Wages per. month.	No. of weeks.	Whole No. of scholars.	Average attendance.	No. in Reading.	No. in Spelling.
Primary Dept. Spring term.	Clara M. Chesman.	32.00	8	31	30	30	31
Gram. & High, Spring term.	Emerson Rice.	48.00	8	41	38	40	41
Primary, Fall term.	Myra G. Eaton.	32.00	12	26	22	26	26
Grammar, Fall term.	Clara M. Chesman, Fannie B. Turner.	32 00	12	26	22	25	26
High, Fall Term.	Emerson Rice.	48.00	11.8	18	12	18	18
Primary, Winter term.	Viola E. McClure.	32,00	12	21	18	21	21
Grammar, Winter term,	Clara M. Chesman.	32.00	12	27	22	26	27
High, Winter term.	M. W. Morse.	48.00	12	17	15	17	17

☞ School not closed and cannot make a full report.
